

FUTRELLE NAMED BY STUDENT BODY

Elected President by Medical College Men After Two Days of Balloting.

HAMILTON VICE-PRESIDENT

Contest Excites Great Interest, and Faculty Commends Selections.

After two days of balloting, the results of the election of officers of the student body of the Medical College of Virginia, as announced yesterday, are as follows:

President, J. W. Futrelle; vice-president, Mr. Hamilton; the Dental Department and secretary-treasurer, Mr. Hawthorne; of the Pharmacy Department.

The election of officers of the student body is the chief event in the college session, and was all the more important and interesting this year because it is the first session since the consolidation of the University College of Medicine and the Medical College of Virginia. The interest was not confined to the students. Members of the faculty, realizing that the election constituted an important epoch within the life of the new institution, manifested much more than the usual interest in the contest.

The nominating convention met in the old building of the Medical College of Virginia at 8 o'clock on Tuesday night and was presided over by Eustace P. Hahn, a member of the senior class. The following students were nominated for the offices: President, Thomas Hardy, L. W. Futrelle and Mr. Stoneburner; vice-president, Messrs. Hamilton and Hawthorne; secretary-treasurer, Messrs. Hawthorne and Morrow.

First Vote on Thursday. The election was set for Thursday, and the voting took place in the new college building, the booths being open from 8 o'clock to 6:30 o'clock. The results of the first day's balloting was as follows:

President, Stoneburner, 177; Futrelle, 173; Hardy, 55; vice-president—Hamilton, 231; Chandler, 224; secretary-treasurer—Hawthorne, 273; Morrow, 255. Mr. Hamilton was elected vice-president, and Mr. Hawthorne, secretary-treasurer.

Mr. Hardy withdrew from the candidacy for president, leaving the field to Messrs. Stoneburner and Futrelle. In the second day's voting, the two candidates stood—Futrelle, 234; Stoneburner, 215. Mr. Futrelle was elected. Mr. Stoneburner, who had been elected vice-president, also failed from the University College of Medicine, while Mr. Hawthorne, elected secretary-treasurer, came from the Medical College of Virginia.

President a Tarheel. The election was conducted with the utmost satisfaction, and the men in charge of the booths were congratulated for their work. Mr. Futrelle comes from Severn, N. C. Prior to entering upon his medical studies he attended Warrenton High School, where he took an active interest in the local affairs, and was a member of both the football and baseball teams. Later he went to Wake Forest College, where he remained a year, and then enrolled as a student of the University College of Medicine. He has made an excellent record as a student, and is very popular. He has also made a record on the gridiron, having been half back on the team.

Years Added to Life

Success may be spelled in dollars and cents, but the physical ability to accomplish something worth while keeps the enthusiastic worker at his post when the dollars no longer offer an incentive. As age advances, we find ourselves unable to do some of the things we did formerly, and the realization that we are growing old suddenly dawns upon us. But, every one has the opportunity to forestall the ravages of advancing age, if he will. Moreover, there are many diseases that are inaugurated by, or dependent upon, disturbances of the blood supply. The diseases affecting the heart, blood vessels, kidneys and other vital organs are on the increase among people of advancing years. In this age of preventive medicine, it fortunately happens that these maladies can be avoided if taken in time. Duffy's Pure Malt Whiskey gives to the aged the vigor of youth and the power to sustain strength and energy. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the body its full proportion of nourishment. Thousands of people in all walks of life have enthusiastically testified they owe their long life to the wonderful restorative and sustaining powers of Duffy's Pure Malt Whiskey. It is a remedy you should not fail to try. Get it today. At most druggists, grocers and dealers, \$1.00 a large bottle.—Advertisement.

SOCIETY WOMAN BRINGS JEWELRY

Search of Mrs. Thompson Discloses Gems Sewed Up in Her Corset.

Boston, October 18.—A chemist bag containing a valuable pearl necklace with several uncut pearls, it was learned today, was found fastened under the corset of Mrs. May VanAllen Thompson, New York and Newport, when she was searched at the orders of the customs inspectors, upon her arrival here on the Arabic from Liverpool. Mrs. Thompson, granddaughter of the late William Astor and daughter of James J. VanAllen, was searched after a chemist bag containing several thousand dollars' worth of jewels was found on her maid, Miss Connors. The twenty-five trunks belonging to Mrs. Thompson, which were seized upon her arrival, were opened to-day and all dutiable articles which they contained were appraised by experts. Mrs. Thompson's husband, Oswald Thompson, to whom she was married in London a few months ago, was a registered voter of New York State.

A search of Mrs. Thompson's maid was ordered only after the mistress had endeavored to secure the free passage of her trunks. The inspectors were startled when the maid showed them the bag of jewels found sewed into Miss Connors' dress. A consultation was then held, and it was decided to search Mrs. Thompson.

The find was the result of the investigation made by the customs officials as to why Mrs. Thompson always used the port of Boston, instead of New York, when going to and coming from Europe. Before her marriage Mrs. Thompson went to Europe two or three times each year, and much comment was created because she always chose to use this port.
